

## Feversham Academy Year 7 Catch Up Premium

Year 7 Catch Up Premium funding is allocated to schools to support pupils who arrive in Year 7 below the expected level in English or Maths or both English and Maths. KS2 data is used to identify which pupils qualify for this funding and schools receive £500 for each qualifying pupil.

For the academic year 2017-2018, the funding was received by the school in March 2018.

The table below outlines how the funds have been allocated and the intended impact for the year between September 2018 and July 2019.

Note: Staffing costs include salary plus additional cost to the school such as employers national insurance and pension costs.

WHAT WE WILL DO	WHY WE WILL DO IT	WE WILL KNOW WE HAVE BEEN SUCCESSFUL WHEN	COSTS	EVALUATION OF IMPACT (to be completed by July 2019)
<p>Identify pupils who have scores that are below age-related expectation (ARE) in English Literacy and/or Maths/Numeracy which have arrived from primary school. This will be based on :</p> <ul style="list-style-type: none"> <li>• KS2 Data</li> <li>• English and Maths subjects assessments</li> </ul>	<p>To identify pupils who need additional support and intervention to improve their English/Literacy and Maths/Numeracy skills and the nature of their needs.</p>	<p>Target groups have been identified and are receiving additional support and intervention.</p>		
<p>Allocate identified pupils to specific intervention groups and programmes</p>	<p>To ensure that each pupil receives support and intervention that is well matched to their needs and enables them to make good progress towards achieving ARE by the end of Year 7.</p>	<p>Pupils are allocated to specific groups and literacy intervention programmes. They are receiving appropriate intervention and support and making progress at the rate required to achieve ARE by the end of Year 7.</p>	£8,500	
<p>IDL Reading Programme Fresh Start Programme</p> <ol style="list-style-type: none"> <li>1. Staff training to deliver programme</li> <li>2. Resources to deliver the programme</li> <li>3. TA time for allocation</li> </ol>	<p>Evidence shows this to be effective with pupils who are more than two years below ARE. Pupils make progress such that they are able to move onto interventions that will move them from two year below ARE by the end of Year 7.</p>	<p>Pupils will improve to two years below ARE and transfer successfully to the next intervention programme that will move them up to ARE.</p>	£3,500	

**Total projected spend = £12,000**
